

Ninix

Description

Two or three seater sofa or bench with frame in stainless steel and seat in Batyline. Cushions and optional decorative pillows in Fabric. Optional Teak insert in armrests.

Finishes and materials

Frame: Brushed Stainless Steel, Electropolished Stainless Steel or Coated Stainless Steel.

Seat: Batyline.

Cushions: Standard Fabric, Fabric Cat. A, Fabric Cat. B or Fabric Cat. C.

Brushed hairline finished Stainless Steel, type AISI304 18/08 with 18% chromium and 8% nickel. Wall thickness of the Stainless Steel tubes: 1/16". The electropolishing treatment of the frame is recommended to be used in a corrosive environment.

Powdercoated stainless steel tubes (AISI304), type AISI304 18/08 with 18% chromium and 8% nickel. Wall thickness of the Stainless Steel tubes: 1/16".

After a chemical pre-treatment a polyester powder is applied statically and baked (thickness: 60-80 µm).

Batyline is a woven polyester fiber protected by a PVC coating. This coating guarantees exceptional resistance to climatic conditions and UV exposure. The fact that there is no moisture absorption results in quick-drying action, little sensitivity to staining, and simplicity in cleaning.

Ninix
