Description

Suspension lamp with blown glass with braided metal coaxial cable.

It results from blowing liquid glass into a folded and highly heat-resistant ceramic fabric vessel.

The resulting shape has a formal and textural expression intuitively associated with fabric, which becomes permanent and rigid as it cools. A flat LED is positioned to fill the resulting volume with diffuse light, accentuating the volumetric perception of the piece.

A flexible suspension system enables pendants to be nestled in close-knit groups or loosely composed in a wider field, allowing each piece to be perceived individually.

Pendant available in clear, grey 1, grey 2 or grey 3.

Each pendant comes standard with 137"3/4 of coaxial cable. Up-charge applies for lengths over 137"3/4.

Cable length can be adjusted on site. White, black or brushed nickel canopy.

Pendant anchor kit and lamps with power supplies are also included.

Lamp: 1W LED, 2700K, 100lm

Materials: Blown glass, braided metal cable, electrical components, steel canopy.

Power Supply: Integral. Remote mounted for 73.1m.

Bocci recommends remote mounting power supplies for ease of long-term maintenance.

Environment: Indoor, dry location. IP30

Dimensions

73.3) Ø6" x 118"1/8H

73.7) Ø8" x 118"1/8H

Pendant: 9" - 15"W x 4"3/4 - 5"7/8D

Extra sculptural cable length:

- per 137"3/4 increment, max. 1102"3/8.

Extra suspension cable length:

- per 118"1/8 increment, max. 728"1/8.

73.3) three pendants

73.7) seven pendants

Pendant

Best practices for wiring multiple single pendant fixtures with remote mounted power supplies:

- Multiple single pendant fixtures should be wired in parallel, DO NOT wire in series.
- Bocci recommends a home run line for each fixture location to avoid significant voltage drop.
- Calculations for distance to the power supply, or required wire gauge in order to avoid voltage drop, are the responsibility of the installing party.
