

73 Stem

Description

Floor lamp with structure in a black or brass finish.
Pendants available in clear, grey 1, grey 2 or grey 3.

This lamp is formed by blowing liquid glass into a folded and highly heat-resistant ceramic fabric vessel. The resulting shape has a formal and textural expression intuitively associated with fabric, which becomes permanent and rigid as it cools. Each lamp is completely unique in proportion, size and shape.

LED lamps and power cord are included.
