

Description

The 118 series captures delicate, feather-like impressions formed during the glassblowing process—subtle marks that glass retains from its molten state. These intricate textures, preserved in the material's memory, evoke natural motifs such as a bird's wing or a blooming flower.

When illuminated from within, the internal complexities of each pendant come alive, revealing a refined interplay of light and form. This series showcases a sophisticated understanding of glass's unique ability to hold onto ephemeral shapes, turning fleeting gestures into lasting impressions.

This model uses a coaxial cable suspension system, and each pendant includes 118"1/8 of coaxial cable, which can be adjusted on site. Longer lengths are available for an additional charge. Lamps and power supplies are included.

There are three canopy options available:

- Shallow Single
- Deep Single
- Mini Flush Mount Single

Please note: The mini flush mount canopy requires a new build or suspended ceiling with remotely mounted power supplies, these are recommended for easier long-term maintenance. All installations must be performed by certified personnel to ensure code compliance.

Designed by Bocci.

Finishes & Materials

Pendant: Blown glass.

Coaxial Cable: Braided metal.

Canopy: Steel.

Dimensions

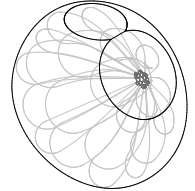

± Ø5"1/8 - Ø5"3/4 x 118"1/8H (Cable & Canopy: Adjustable)

Available canopies:

Shallow: Ø4"5/8 x 1"1/4"H - 118.1

Deep: Ø4"5/8 x 1"5/8"H - 118.1 deep

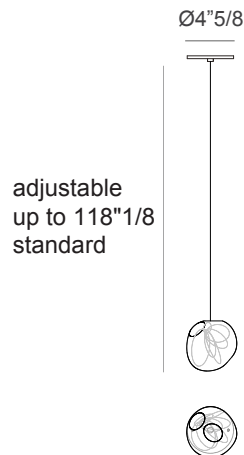

Mini Flush Mount: Ø3"4" - 118.1m

± Ø5"1/8 - Ø5"3/4

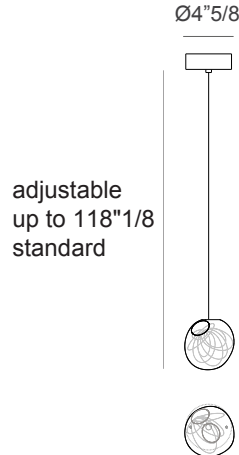

141.1

- Single pendant
- Shallow canopy

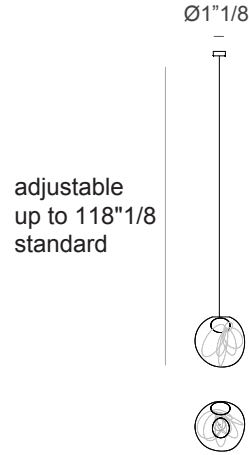

141.1 deep

- Single pendant
- Deep canopy

141.1m

- Single pendant
- Mini Flush Mount canopy

Standard Coaxial Cable Length:

- 118"1/8

Extra Coaxial Cable Lengths

(Standard Length + 118"1/8 Increments):

- 236"1/4
- 354"3/8
- 472"3/8
- 590"1/2
- 708"5/8
- 826"3/4
- 944"7/8
- 1063"

Specifications

Mounting: Ceiling mounted.

Lamp: 1W LED 110V-120V - 100lm - 2500K / 2700K / 3000K

Dimmer: CASAMBI.

Coaxial Length: 118"1/8 standard - Adjustable length up to 1063" max.

Power Supply: Integral. 118.1m is remote mounted.

Bocci recommends remote mounting power supplies for ease of long-term maintenance.
