

NOHRD Bike V2

Description

Aligning with the spirit of the award-winning WaterRower aesthetics, we are thrilled to introduce the NOHRD Bike – an elegant indoor cycle combining a distinctive, luxurious design with pioneering performance and functionality.

From its sleek lines throughout the hardwood frame to the matted-black accent elements, the contemporary silhouette of the NOHRD Bike goes beyond a ‘best in class’ style for indoor cycles...it lives in a class of its own. Yet, to fully appreciate the pure exhilaration of the NOHRD Bike requires that you jump in the saddle and take a ride. From novice rider to champion cyclist, the advanced planetary gearing and wear-free magnetic brake technology ensure the perfect level of resistance is always at your fingertips. Its ergonomic handlebar design, competition-inspired seat profile, and quick-adjust frame provide a performance road-bike feel in the comfort of your living space.

Bike V2
