

NOHRD SquatRack

Description

The NOHRD SquatRack exemplifies our commitment to quality, innovation, and design. With its stunning aesthetic, durability and versatility, this rack will revolutionize the way you train.

It completely folds and extends from 2 separate casings, with real wood veneer, mounted to your wall. Every detail, from the premium wood to the fine metal accents, has been carefully chosen to create a visually stunning and durable piece of equipment.

Built to last, it provides exceptional stability and durability. Its robust construction ensures a secure platform for your workouts, allowing you to focus on your form and push your limits without compromise.

SquatRack
