Furniture Crafted for the Life You Build.

Solaz

Design: Kris Van Puyvelde

Description

Designed by Dirk Weynants and engineered by Kris Van Puyvelde, the Solaz parasol combines elegance, innovation, and ease of use. This high-end overhang parasol provides ample shade, making it a key addition to any luxurious outdoor space. The Solaz stands out with its wing-like opening system, extending smoothly to offer coverage. It tilts, pivots and rotates fully, adapting to the sun's position for all-day comfort. Despite its size, it's simple to operate, ensuring shade is both practical and refined.

Finishes & Materials

Structure: Coated aluminum & stainless steel.
Cover: Fabric.
