Dimensions

94"1/2W x 94"1/2D x 78"3/4H

Finishes and materials

Frame: Teak wood with Olefin fiber.

Cushions cover: Fabric cat. A, cat. B or cat. C.

Carefully selected, fully grown **Teak**, harvested in accordance with the strictest environmental standards. The reason for its generally commended durability is the high levels of natural oils it contains. The resulting minimal moisture absorption prevents warping which gives it great stability. Moreover, the wood is extremely resistant to the influences of chemicals, as well as against attacks by vermin.

Olefin is a synthetic fiber made from polyethylene. The advantage of this fiber is its strength, colour fastness and comfort. Also it is very resistant to staining and different weather conditions.
